MEMORANDUM FOR: General Walter Bedell Smith  
Director of Central Intelligence

SUBJECT: Request for Nomination of Panel Member  
and Alternate for Southeast Asia Plan.

The Psychological Strategy Board, at its eleventh meeting, approved the formation of a Panel to develop a psychological strategy plan for Southeast Asia.

It is requested that the Central Intelligence Agency nominate a principal member and an alternate for this Panel. Because of the nature of this problem, these nominees should be generally well-informed on politico-military matters in general and Southeast Asian problems in particular. Please advise me of the names, ranks or grades, organizational positions and type of security clearances of the persons nominated.

In order that the Panel may start to work as expeditiously as possible, early action on this request will be appreciated.

FOR THE DIRECTOR
